

MyScienceWork & Karger Publishers Partnership Agreement for the Indexing of more than 121K Scientific Publications on the MyScienceWork Database.

San Francisco, Tuesday, September 11th, 2018 - MyScienceWork is very pleased to announce that content from Karger Publishers is now indexed in its database.

MyScienceWork

KARGER

Since 2010, MyScienceWork has been committed to open access and the dissemination of research outputs. MyScienceWork now indexes more than [121,000 additional publications](#) covering all topics and disciplines to support scientists in their research endeavors. MyScienceWork reinforces its leading position as a one-stop shop for fast and relevant publication discovery.

In concrete terms:

- MyScienceWork is adding more than 121,000 scholarly publications.
- Almost all of these publications are available with an [open access license](#).
- Dedicated to serving the information needs of the scientific community Karger Publishers covers all fields of medical science..
- All Karger [publications](#) are available on the MyScienceWork scientific platform.

“For the past 10 years, we have been working to expand our database with high quality content. We have a desire to help researchers find reliable content that complies with their respective copyrights. The indexing of Karger content is another step for us to increase the ease of quality publication access for our research community and, hopefully, to all those involved or interested in science.”

Virginie Simon
CEO & Co-Founder of MyScienceWork

About [MyScienceWork](#):

Since 2010, MyScienceWork has been supporting research & innovation institutions all over the world. MyScienceWork provides communication services and develops tools that help researchers and their institutions identify, manage, analyze, promote, and disseminate scholarly outputs toward research stakeholders.

MyScienceWork hosts an international community of professional scientists and science enthusiasts on their open network who deposit and discover scientific publications from all disciplines.

About [Karger](#):

Karger Publishers in Basel, Switzerland, is a globally active medical and scientific publishing company. The Karger publishing program is comprised of the release of approximately 40 new books every year, as well as 111 peer-reviewed journals which include a growing number of open access journals. Karger content is published predominantly in English with a strong focus on basic and clinical research, and is, in general, available online.
