

## MyScienceWork announces new partnership with 3 Publishers now indexing publications in the MyScienceWork Database.

San Francisco, September 4th, 2018 - MyScienceWork is very pleased to announce that contents from VGTU, Bilingual Publishing and Synergy Publishers are now indexed in its databases. Those publications are free and in open access to all researchers and science enthusiasts.

MyScienceWork was created 10 years ago with the goal to make science more visible and accessible. The company established itself within the **open access movement while respecting in fact the copyrights and embargoes of articles** on its free and open platform. While being committed to the dissemination of research outputs, MyScienceWork now indexes recent publications from **VGTU, Bilingual Publishing, and Synergy Publishers**.

*"We are very pleased to increase the number of publications for our research community. Our content is becoming more and more multidisciplinary. We welcome VGTU, Bilingual Publishing and Synergy Publishers to our database!"* Virginie Simon, CEO & Co-Founder of MyScienceWork

These publications cover a wide range of topics and disciplines to support scientists in their research. MyScienceWork reinforces its leading position as a one-stop shop for fast and relevant publication discovery.
